

A46 Strategic Overview

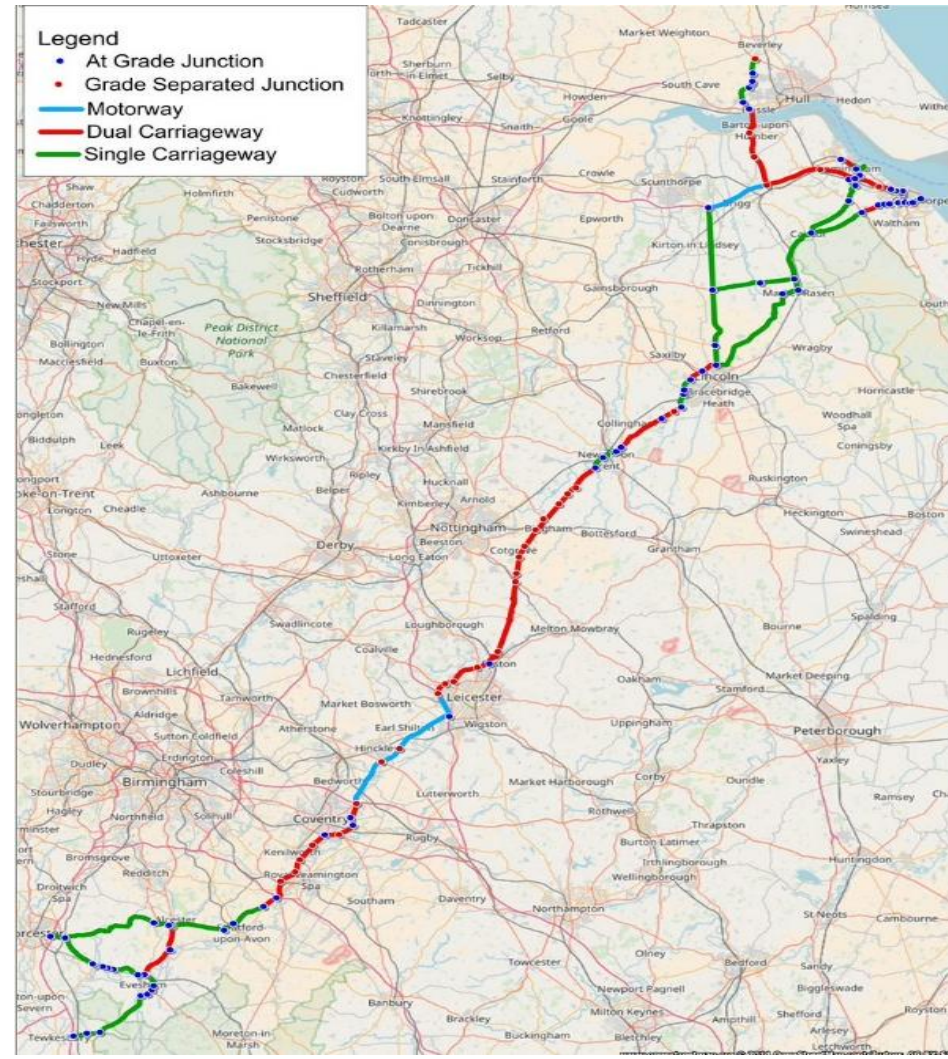

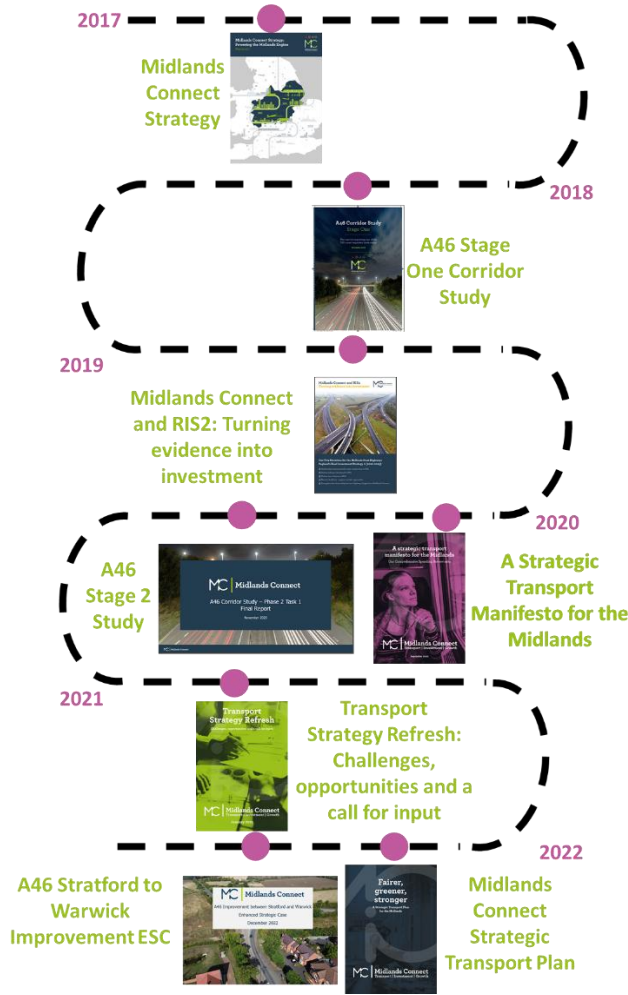

Swati Mittal

Midlands Connect

swatimittal@midlandsconnect.uk

Midlands Connect's A46 Corridor Study

155
miles in length

22%
of goods and services are exported

2.9million
jobs

47%
higher export rate than UK average

5.5million
people

£115 billion
economic output – 9% of the English economy

16%
of GVA in manufacturing, 20% in distribution

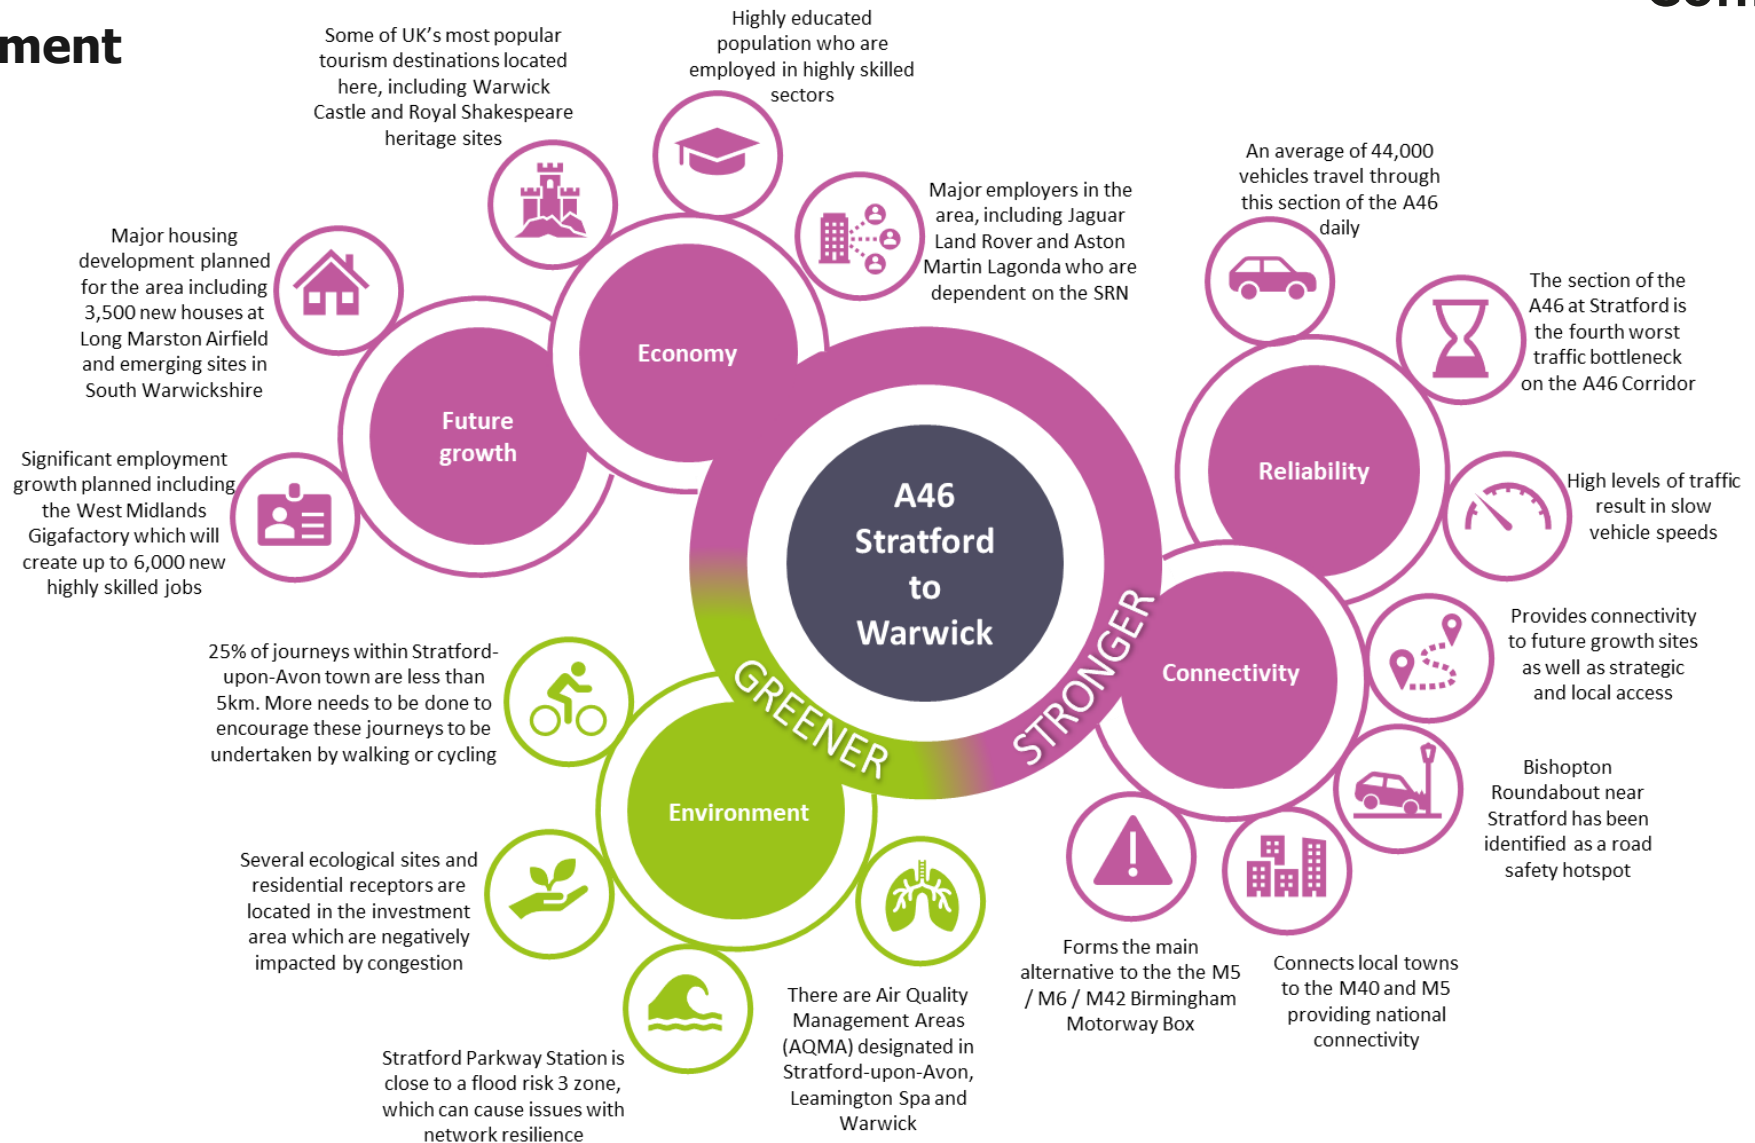

Midlands Connect's priorities for investment on A46 in next 10 years

- A46 Newark Bypass
- A46 Coventry junctions – One of the junctions is already constructed and open to traffic
- A46 junction improvements around Lincoln
- A46 around Syston
- A46 around Evesham
- A46 from Stratford to Warwick

Midlands Connect have developed the strategic cases for investment for these locations to generate evidence in support of these investments

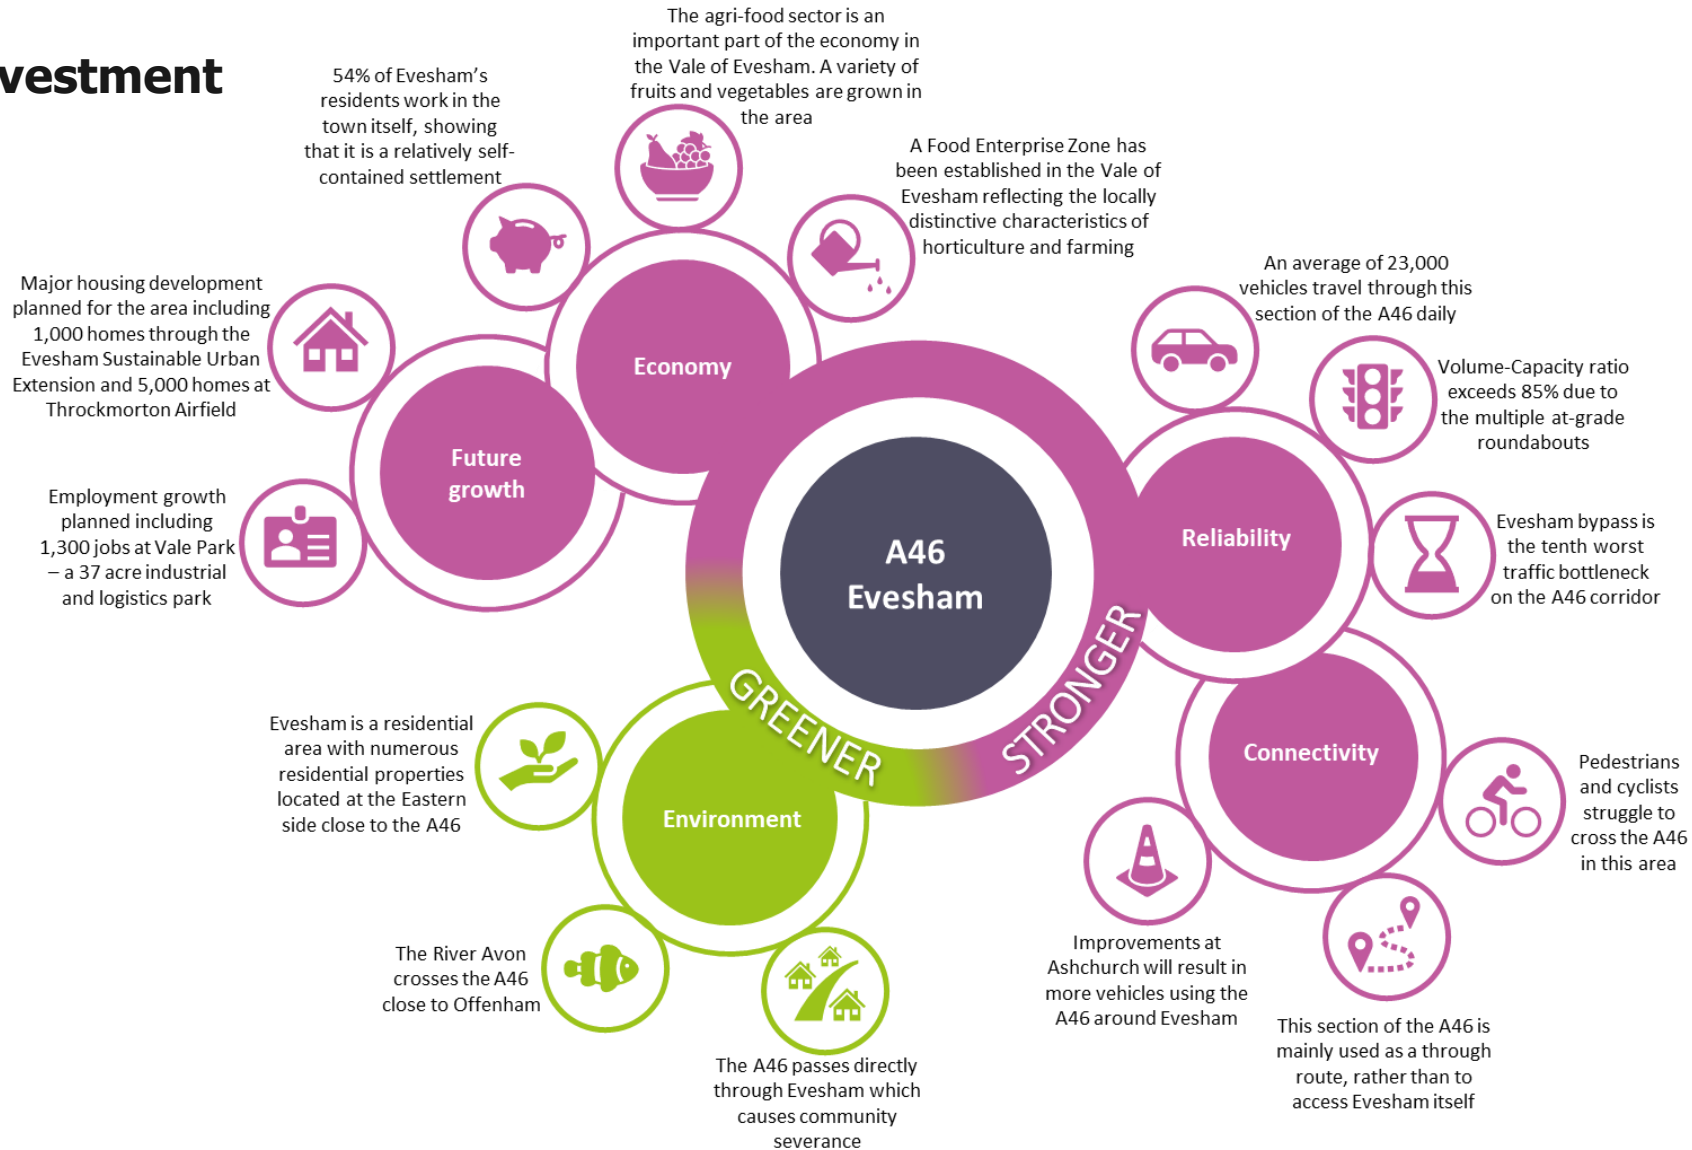

A46 between Stratford and Warwick

Drivers for Investment

A46 around Evesham

Drivers for Investment

Next Step

- Midlands Connect have already shared our priorities for investment with the relevant national, regional and local authorities and government representatives
- Midlands Connect will share this evidence base with NH, DfT and LA partners to support their response to the spending review
- Following the outcome of spending review, we will work with our partners to refresh our evidence base to align it with the government's investment priorities.

Thanks, and Questions ?
